case now in question, that Mr Ng Choy continued it, and that then Mr Fr heis was called in at the last moment to dispose of

it in full Court. THERE appears to be an inconsistency in one of the decisions, arrived at by Mr Francis at the Magistray yesterday, upon the question of what constitutes a "reasonable excuse" for having been out at night without a pass. One defendant was discharged with a caution on the ground that he was returning from the theatre, and another was fined although he gave the same excuse. We now learn that the man who was fined was taking a very roundabout way to get home, and doubtless the Magistrate had a reasonable doubt that the defence was not on all-fours with the other in which the excuse was regarded as reasonable.

We have high authority for saying that the "eagles" have a habit of gathering themselves together on occasions; and it would reem that the seat on the magisterial bench -which is not yet vacant-is the spot upon which many longing official eyes are at present turned. Last evening, we stated that Mr McKean was about to supersede Mr acceptance at Mountain Lodge which Governor Hennessy is singular in regarding as necessary. Mr McKean, who is said to be a promising young barrister, was not sween in. as he was desirous to apprentice himself by attending Court for a day or two as a listener. In the meantime, it has become known that a salary is attached to the post, although we understand that Mr. McKean was ignorant of this fact; and a rush is being made for that seat by a number of officials. It is a remarkable fact that Mr. remembered that no pay was attached to that office; and it is to the credit of the Hon. Ng Choy that he consented to do the work until Mr Plunket's return. When, however, the probability arises of an outthe officials bestir themselves. We do not may that this is not laudable enterprise: we simply draw attention to the peculiarity. As Mr Francis has not get resigned, however, and Mr McKean has not get been sworn in, it is altogether uncertain who will perform Mr Russell's duties in the future. It is remoured that some reduction is to be made in the Registrar's Department, in view of the fact that Mr Gibbons, the Registrar, has entered into heavy securities at home as the The publication of this issue commenced responsible officer of that branch of the service; and that the present Accountant (Mr Barff) may have to be provided with a seat in the Magistra'e's Court. THE CHINA REVIEW.

THE widely-expressed regret at the discontinuance of Notes & Queries on Thing and Japan, has induced the publishers of this journal to issue a publication similar in object and style, but slightly tables and other intelligence as is conmodified in certain details.

THE CHINA REVIEW, or Notes and Queries on the Far East, is issued at intervals of two months, each number containing about 60 octavo pages, occasionally illustrated with lithographs, photographs woodcuts, &c., should the papers published demand, and the circulation justify, such

extra matter. The subscription is fixed at \$6.50 postage paid, per annum, payable by non-residents | Government House, North of Publi in Hongkong half-yearly in advance.

The publication includes papers original and selected upon the Arts and Sciences, Ethnology, Folklore, Geography, History, Literature, Mythology, Manners and Customs, Natural History, Religion, &c., &c., of China, Japan, Mongolia, Tibet, the Eastern Archipelego and the "Far East" generally. A more detailed list of subjects upon which contributions are especially invited is incorporated with each number. Original contributions in Chinese, Latin, French, German, Spanish, Italian or Portuguese, are admissible. Endoavours are made to present a resumé in each number of the contents of the most recent works bearing on Chinese matters. Great attention is also paid to the Review

department Notes and Replies are classified together as "Notes" (head references being given, when furnished, to previous Notes or Queries), as are also those queries which | St. Joseph's (R.C.) Church, Garden though asking for information, furnish new or uppublished details concerning the matter in hand. It is desirable to make the Queries proper as brief and as much to the point as possible.

The China Review for July and August, 1875, is at hand. It says that forty-two easays were sent in to compete for the best paper on the advantages of Christianity for the development of a State. All our learned societies should subscribe to this scholarly and enterprising Review. It is a sixty paged, bi-monthly, repertory of what acholars are ascertaining about China. The lecture on Chinese Poetry in this volume is alone worth the price of the Keview. Address China Review, Hongkong.—Northern Christian Advocate (U.S.)

Trubner's Oriental Record contains the following notice of the China Review :- "This is the title of a publication, the first number of which has lately reached us from Hongkong, where it has been set on foot as in some respects a continuation of Notes and Queries on China and Japan, the extinction of which useful serial a year or two ago has been much regretted in Europe as well as in China. The present publication, judging | Queen's Road Central. by the number now before us, is intended to occupy a position, as regards China and the neighbouring countries, somewhat similar to that which has been filled in India by the Calcutta Review. The great degree of attention that has been bestowed of late years upon the investigation of Chinese literature, antiquities, and social developments, to say nothing of linguistic studies, has led to the accumulation of important stores of information, rendering some such channel of publicity as is now provided extremely desir-Pencil-cases, &c.-John Noble, agen able: and contributions of much interest may fairly be looked for from the members of the foreign consular services, the Chinese Customs' corps, and the missionary body, among whom a high degree of Chinese scholarship is now assiduously cultivated, and who are severally represented in the first number of the lieview by papers highly creditable to their respective authors. In a paper on Dr. Legge's She King, by the Rev. E. J. Eitel, to which the place of honour is deservedly given, an excellent summary is presented of the chronological problems and arguments involved in connexion with this important work. Some translations from Chinese novels and plays are marked by both accuracy and freshness of style; and an account of the career of the Chinese post-statesman of the eleventh. century, Su Tung-p'o, by Mr. E. C. Bowra, is not only historically valuable, but is also distinguished by its literary grace. Beside notices of new books relating to China and the East, which will be a useful feature of the Review, if carried out with punctuality and detail, we are glad to notice that "Notes" and "Queries" are destined to find a place in its pages also. It is to be hoped that this opening for contributions on Chinese subjects may evoke a similar degree of literary zeal to that which was displayed during the lifetime of its predecessor in the field, and that the China Review may receive the support necessary to insure its continuance. The publication is intended to appear every two months, and will form a substantial octavo magazine.

## THE CHINESE MAIL.

This paper is now issued every day. The subscription is fixed at Four Dollars per annum delivered in Hongkong, or Seven Dollars Fifty Cents including postage to Cosat ports.
